THE CAPITAL.

A LABOR RESOLUTION DEFEATED IN THE HOUSE.

The Exclusion Bill Passes, While How the Workingmen's Cause is Treated the Treaty Hangs Fire-Troubled Democrats.

(SPECIAL DISPATCHES TO THE ENCORD-UNION.)

IN A HOLE.

Where Cleveland's Monkeying with Things Has Landed Him.

iCopyright, 1888, by the California Associated Press.;
Washington, September 17th.—In his efforts to make party capital out of international difficulties the President has gotten himself into a very tight place. The passage of the Chinese exclusion bill to day in the Senate has placed that troublesome matter entirely in the hands of the Chief Executive. Having given his approval to this extreme measure, he cannot consistently refuse to sign it, and yet there are quite a number of Pacific slope Congressmen who express considerable doubt are quite a number of Pacific slope Con-gressmen who express considerable doubt gressmen who express considerable doubt as to whether the bill will be approved. At the State Department there is no doubt expressed as to the condition of the treaty. They say that the treaty has not been rejected at all, and that it has not been acted upon in any way.

upon in any way.

The passage of the bill was owing to a change of base on the part of Senator Stockbridge. On Friday he voted for the reconsideration, and turned around to-day and voted against the motion of Senator to the Committee on Labor, and therefore to have it adopted.

There was a deadlock lasting over an and voted against the motion of Senator to the Workingman, while the Republicans voted solidly to have the resolution referred to the Committee on Labor, and therefore to have it adopted. reconsideration, and turned around to-day and voted against the motion of Senator Blair. As the motion was lost but by one vote, it would have been carried had Sena-tor Stockbridge held to his action of Fri-

The refusal of the Senate to reconsider came as quite a surprise. While it was generally admitted that the vote would be a close one, yet Sherman's speech was expected to save the Senate from such hasty petted to save the Senate to reconsider for labor, and in every instance they have been fought by the Democrats, and in not a single instance have the Republicans opposed them. The Democrats have chosen as a such as the senate from such hasty petted to save the Senate from such hasty pett action when in possession of the positive assurance of the State Department that the Chinese had not as yet had time to consider the treaty, much less reject it.

ON THE RAGGED EDGE.

CONGRESSIONAL PROCEEDINGS.

Washington, September 17th .- In the Senate Mitchell introduced a bill to reduce letter postage to one cent an ounce. Laid

He also gave notice that he would on Thursday submit some remarks on the motion to refer the President's annual mes-

Sherman offered a resolution directing ne Committee on Foreign Relations to inquire into and report at the next session of Congress the state of the relations of the Inited States with Great Britain and Canada, with such measures as are expedient to promote a friendly commercial and potical intercourse, the committee to have leave to sit during the recess of Congress. He asked that the resolution lie over till -morrow, and said he would then adress the Senate briefly on it. Hoar offered a resolution, which was

nance to inquire as to the cotton-bagging trust and what legislation was necessary The hour of 1 o'clock having arrived the senate proceeded to vote on Blair's motion

o reconsider the vote passing the Chinese The motion was rejected-veas 20, navs So the bill remains passed, and now oes to the President for his approval. The

ote was as follows: Yeas-Bates, Blackburn, Blair, Brown, Call, Cockrell, Edmunds, Evarts, George, Gorman, Hampton, Harris, Hoar, Jones Kansas, Morgan, Pascoe, Pugh, Sherman, Wilson of Iowa, Wilson of Mary-Nayes-Allison, Berry, Chandler, Coke,

Delph, Farwell, Frye, Hearst, Hiscock, Jones of Nevada, Manderson, Mitchell, Payne, Platt, Plumb, Spooner, Stewart, Stockbridge, Teller, Walthall—21. The House bill to enlarge the powers and duties of the Department of Agriculture and to create an executive department to be known as the Department of Agriulture, was taken up, the question being n an amendment striking out Section 5 which transfers the Weather Bureau of the

signal Service Office to the Department of In the course of the debate-participated n by Senators Butler, Palmer, Cali, Dawes and Plumb-the latter described the comand would continue to meet in the markets ot the world from South America, India and Africa, and declared his belief that unless the existing conditions were changed, and markedly changed, India wheat would sell in the New York narket in five years, duty paid, in compeition with American wheat. It was there-ore desirable that the President should have in his Cabinet a man who represented the great agricultural interests of the country, and it was necessary to diversify griculture and to look more to the home market rather than to a foreign market. In this connection he favored the encour-

gement of the production of sugar from orghum and beets. Without action the bill was laid aside till to-morrow and the Senate adjourned. The House.

New York was elected Speaker pro tem., to act during the absence of Carlisle. The House bill to transfer to the State of Louisiana possession of a certain tract of land for quarantine purposes was passed.

Morrill of Kansas offered a resolution reciting that grave charges of official misonduct against the Sioux Indian Commision have appeared in the public press, and calling on the Secretary of the Interior for formation as to whether there is any foundation for these charges, and directing him to ascertain whether undue influences

Indians to the treaty. Referred.

Dingley of Maine offered a resolution callng on the President for information as to whether the rights of American fishermen have been violated by the Canadian authorities within the past year, and if so,

to the Committee on Labor. The vote resulted 54 to 37 in favor of 'Neill's motion, but Blount of Georgia made the point of no quorum.

Thereupon Forney of Alabama inter-

upted the proceedings by calling up the onference report on the sundry civil bill, for a good digestive organization. out yielded to Kelley of Pennsylvania, who offered a resolution broadening the scope of the investigation now in progress as to the new Library building, so as to direct the special committee to inquire whether any member of Congress has sought, by undue influence, to secure the acceptance by the Architect of any material, and whether any member has endeavored to cause the removal of Architect Smith-

equested by such members. offer an amendment authorizing the comused improper or corrupt influence to re-tain Mr. Smithmeyer in his position, or has endeavored to divert attention from the in-

Kelley declined to accept Taulbee's amendment, but accepted one offered by Springer, directing the committee to report its conclusions within two weeks.

The resolution was then adopted. Forney came forward with his confer-Forney came forward with his conference report, but O'Neill of Missouri raised the point of order that even such a privileged report could not be presented when the House was dividing on his motion to the House was dividing on his motion to refer the labor resolution to the Committee on Labor, and his point of order having been sustained the tellers resumed their places for an hour. The tellers stood at their posts patiently waiting for a quorum. Nutritious Value of Oatmeal.

It is nearly six centuries since Robert Bruce sent into England his army of twenty guards were doubled to prevent a lynching. nousand men with no provisions except a bag of oatmeal for each warrior; but th herculean feats which were performed and undergone by his hardy followers suggest that there must be considerable nutriment in that plain, simple food. Since those days our Scottish friends have advanced ave been used to secure the signatures of very materially, but while they have disarded many features incompatible with the spirit of the nineteenth century, they have wisely "held fast to what is good," and they to-day rank oatmeal as a neces sary part of their regular diet, and the whether he has retaliated, as he had authority to do, under the Act of March freedom from dyspeptic ills, should encour-O'Neill of Missouri offered a resolution of batter of oatmeal. The best oatmeal of to-day, thanks to American ingenuity, is not only age a much wider and mere frequent use oatmeal. The best oatmeal of to-day, labor legislation, and moved its reference nutritious, but when properly made is very palatable. Children learn to like it very quickly when it is presented in this pala-table form, and if they become accustomed to begin each day with a dish of the best oatmeal they will be laying the foundation

As there are many who are incredulous about the possibility of oatmeal being palatable, I subjoin the following hint of Mrs. Rorer upon the subject, which appears n an earlier issue of Table Talk:

"Put four tablespoonfuls of finest quality of Irish oatmeal, with one quart of cold water, into a double boiler; add a teaspoonful of salt, and stir for a moment meyer from his position, or to deprive him of any of his powers or duties, for the reason that Smithmeyer has refused to act as til the meal has consumed the water, and the mass has a thick jellylike appearance: Taulbee of Kentucky asked consent to push it to the back part of the range where it will steam over night. In the mittee to inquire whether any member has morning bring the water in the under boiler to a boil; then turn the oatmeal carefully into a large, deep dish. Do not vestigation or proceeding in which Smith-meyer is involved, or to intimidate the cooked, it will turn out like boiled rice committee or any member now engaged in investigating the construction of the Library building.

WHOLE NO. 11,676

ME. MILLS CRITICISED.

High Protectionist Has Something to Say About Tin Plates. Congressman Mills, father of the Mills oill, spoke in New Haven Saturday night.

His speech was full of the misleading reresentations common to all free-traders "Then there is the placing of tin on the free list. Taking the duty off tin can't interfere with the labor of the country, for there isn't a pound in the country. Take it off, and won't it make tin cheaper?
Doubtless many of you belong to the tinmall and gloomy Court-room was crowded pail brigade. Then you're a friend of

ine. Taking the tax off tin would be putting back into the pockets of the poor nan. Is that an injury to labor?" I want to say a word about tin, because t is one of the champion illustrations of should begin the action.

Sir Charles Russell's application for photographs of the letters alleged to have been written by Parnell, was granted.

Fairly considered, the present condition of the tin industry is one of the best illustration. tions of the benefit of a protective tariff when rightly applied that can be found.

The present duty on tin plates is I cent per pound. On galvanized sheet iron it is cents per pound. On sheet iron from

-2½ cents per pound. Do this and Mr. Mills could no longer ary, "Not a pound of tin is made in this country." Not a pound of steel or from ould be made here under the same conditions of low duty that have crushed the tin plate industry. In 1875, American tin plates were made at Demmler, Leechburg and Welltsville. They were as good as could be produced anywhere in the world. Taking advantage of the low duty England flooded this country with tin plates at prices low enough to close up the three American mills. That done she advanced her prices again. No tin plate mill has been operated since in this country. None can be while the present low tariff is maintained. With an adequate duty we sumed in this country all these years, instead of paying all the money to foreign

manufacturers and workmen. Our sheet mills produce about 150,000 ons yearly; 50,000 tons for sheet iron roofing and siding, and 50,000 for galvan-izing purposes. If the duty on galvanized we should lose the \$6,000,000 annually paid in wages in these combined industries ree tin plate, as proposed by the Mills bill would destroy the sheet mills, the sheet iron roofing and siding industry, the receive a certificate of indemnity. Dillon galvanized sheet iron industry, etc., as the appear at the public citing of the Court. now use would be displaced by free tin

The canning trade pays but \$205,000 in duties in all branches. Free tin plate would therefore save consumers this \$205,-000, but there would be a yearly loss of London. September 17th.—Both sides \$6,000,000 in wages. Pretty dear prices to profess not to be satisfied with the prelimipay for free tin, isn't it? Better reject free tin and the Mills bill and have the metal tariff so adjusted that the tin can be nade in this country. The would take \$25,000,000 a year in wages out of English ockets and put it where it belongs, in Yankee workmen's pocket-books and say ings banks. This \$25,000,000 in wages with the inquiry that are in the possession from the pig iron to the finished product of the Times. This wide demand has been and does not estimate the enormous increase in workmen and wages from the coal and ore in the mines. Properly protected tin plates would add 280,000 tons of sheet iron and steel to the annual productions of

Yet the free-traders ask American workg people to not only vote to lose the \$25,000,000 a year in wages we might have of documents, combined with the Court's from properly protected tin plates, but go expression of its determination to make a further and coolly invite them to vote for thorough inquiry into the whole matter, free tin, thereby turning over to England the \$6,000,000 a year now paid in wages in the sheet metal industries in this country. -High Protection in Bridgeport News.

Moreover, Judge Terry attempted o justify himself by setting out in his petition that he did not strike the United States Marshal until the latter "had violently assaulted his (Terry's) wife." This was the rock upon which Judge Terry's Court ordered the Marshal to remove the

Terry—that the forcible resistance and not need new pumping machinery, sin executing the order of a Court of the all the water 60,000 people demand, if only

That is the whole case in a nut shell. Terry in assaulting the Marshal insulted outraged the people whose safeguard and to be examined into, and, if sound, should defense for life, property and liberty that be admitted and action taken accordingly Court is. Judge Terry, as the Court says while asking for a dispensation of mercy. manifests no apologetic spirit, for he expresses no regret for his conduct, term the viturperative language used by hi wife as "indiscreet," refers to his deadly bowie knife as "a small sheath knife," and actually defends his conduct in beating the United States Marshal, by declaring that his wife was unnecessarily assaulted.

The Court reviews with incisiveness all the facts, points out that Judge Terry came into Court armed and therein violated the law and committed an outrage himself liable to be disbared. It con-

Therefore, considering the enormity of the offenses committed and the position the petitioner once held in this state, which aggravates them to a degree not imputable to the generality of offenders, the Court, with a proper regard to its own dignity, the majesty of the law, and the necessity of impressing upon all men that forcible resistance to the lawful orders of the Court of the United States will not go unpunished, however high the offending parties, cannot graut the prayer of the petitioner; and it is accordingly denied.

Terry will have no sympathy from men who believe that the perpetuity of free through legislation offensive to the treaty. institutions depends upon respect for and This may be statesmanship, but it is of an enforcement of the laws by and upon the people who make them, and above whom there is no superior earthly authority He and his wife committed offenses for which the extension of mercy would be more than an error-it would well-nigh amount to an admission by the Court that its order was indefensible, and the unparalelled "contempt" of such a mild and ordinary character as to merit but gentle treatment. It certainly was not considered by the Court, but it is a fact the people do not forget, that Mrs. Terry not long before the disgraceful scene in Court, assaulted one of its Judges in a public car, and grossly abused him by seizing the aged jurist by the hair and with violence pulling it, while her husband, according to her own statement, exercised no other restraint than to expostulate with her when she announced her intention to assault the aged man. Nor did her husband have the sense of manly propriety to express to the victim of the assault his humiliation at the scene and the regret he ought to have felt.

Terry and his wife are well punished and their appeal for sympathy has in it nothing whatever to inspire merciful response. The Court, in refusing to remit the severity of the sentence, has done the right thing and taught offenders that whoever they may be they must respect the nation's tribunals.

The brilliant evening dullness across the way, remarking upon the RECORD-UNION'S suggestion that Sacramento cannot afford another season of unchecked vice like that of the last fortnight, charges that during its prevalence this journal uttered no protest against it. The fact in this instance, as is usually the case with our neighbor, is that the statement would be correct if reversed. Our unreliable contemporary ut tered no word of protest or rebuke while another season of unchecked vice like that tered no word of protest or rebuke, while the RECORD-UNION did. It stated during the carnival of law-breaking the fact, and coupled with it the protest. Thus, in one article, it spoke of "the immoral i- sold by all druggists.

tions in Sacramento, and for which no one pologizes and every self-respecting man

JUDGE TERRY'S PETITION.

D. S. Terry's petition to the United States Circuit Court for the revocation of the order committing him to prison for six months for contempt of Court has been denied. The occasion of the commitment to jail has been referred to, and the offense of which Terry was guilty fully detailed in these columns.

The application of Judge Terry to be released is almost as remarkable as the riginal offense. The petition he filed embraced the usual disclaimer that he intended any contempt of Court. In the Of section Into only subdivisions first, third and fourth, apply to Sacramento county. As these subdivisions, however, embody a general law applicable to all counties of the first class, I think the words of the section, "such copies of the Great Register or ward or township register," include the precinct registers for each township mentioned in Section 1113.

I come now to the next section of the Political Code bearing upon your inquiry, Section 1149.

This section is in respect to posting the registers, and the language used is "copies of the Great Register of the county as last printed." There does not appear anywhere any very plain direction that the precinct registers for each township shall be posted, except in subdivision one of Section 1116, which requires the posting of one copy in some public place in the Courthouse, but they are required to be distributed and so many delivered to each Board of Election in the county. Of course, this matter of posting was entirely with the Legislature to determine, and the proper construction of Section 1149 as to posting presents the greatest difficulty in the case.

in the case.

The question then occurs, what is meant by The question then occurs, what is meant by the language of Section 1149 as to posting "not tess than four printed copies of the Great Register of the county as last printed?" It may be cleix ed that precint registers for each township would not do for posting on account of the concluding words of the section: "Except in the city and county of San Francisco, wherein not tless than four printed copies of the register of the ward shall be so posted," and that this express exception nullifies the idea that precinct registers for each township would do for posting in Sacramento county. But it must be remembered that precinct registers, formerly ward registers, are required by law for San Francisco, while precinct registers for each township, instead of copies of the Great Register or instead of township registers, may or may not be required, as the Board of supervisors of Sacramento county may determine. I think, therefore the words in Sacria May 19 as the sound of the second of the think, therefore the words in Sacria May 19 as the sound of the sacria May 19 as the sound of the second of the second of the sacria May 19 as the second of the sacria May 19 as the sacria May fore, the words in Section 1149 "Before opening the polls the Board must post, in some separate convenient places, easy of access, not less than four printed copies of the Great Register of the county, as last printed," mean copies of the respective precinct registers, as last printed, if the Board determine to have precinct registers. Section 1149 took effect July 6, 1874, but Section 1113, as amended, took effect April 16, 1880. The latter is the latest law on the subject, and where it says that "the Board of any county may, by order, provide for the preparation and distribution of township, instead of copies of the Great Register," the words "preparation and distribution" include the posting, and Section 1149 is Register," the words "preparation and distribution" include the posting, and Section 1149 is complied with if not less than four printed copies of such precinct registers, if ordered, as last printed, are posted in proper places before opening the polls, that is to say, in each particular precinct, four such copies of that particular precinct register. In this way the different sections of the Code above cited are harmonized; otherwise it must be concluded that the Legislature has failed to carry out its idea of precinct registration. Kent says: "It is an established rule in the exposition of statutes that the intention of the Legislature is to be deduced from a view of the whole
and of every part of a statute taken and compared together. The real intention, when accurately ascertained, will always prevail over
the literal sense of the terms. When the expression in a statute is special or particular, but
the reason is general, the expression should be
deemed general." Again: "The reason and
intention of the law given will control the strict
letter of the law, where the latter would lead to
palpable injustice, contradiction and absurdity."
In coming to the foregoing conclusion, I have
aimed only to interpret the different sections,
which at first glance seem somewhat inharmonious, but what effect, if any, some practical
deviation from my conclusions might have on

THE EXPERIMENTAL STATION.

Success Assured-Sacramento Merchants Ever to the Front. The Regents of the University of Caliornia have located, under authority of aw of Congress, a Government Experinental Station near Jackson, Amado ounty. It is intended as a station for the ntire foothill region of the State, where experiments in soil and the adeptability of e people of that section guaranteed ate the administration influence has been to do certain things. They agreed to se-ture the land necessary and to defray the expense of erecting the buildings necessary a standing committee, a process to which Jackson raised \$3,000, but as that fell far carry on the work. The citizens hort of the amount required, they con citizens of the Capital, who are never backward when money is required ing immigration, except upon a basis sim- for any praiseworthy object. The followilar to that in the bill. Yet we are told ing subscriptions were secured, and the committee only canvassed a few hours and did not go off J and K streets: Hunting-

SOLD EVERYWHERE.

CHANGED DAILY FOR HALE BROS. & CO .- SEPTEMBER 18, 1888.

THEY LEAD

John Ennis' Shoes!

It is too often the case that Children's Shoes are slighted both in stock and workmanship, as most manufacturers, in order to save the scraps and material that will not work up to advantage in larger sizes, employ a large force of apprentices, and use all such material for Infants' and Children's Shoes, not only making a poor wearing but a poor fitting Shoe as well. Not so with the JOHN ENNIS SHOE. We have looked into the merit of these goods, and not only find them up to the average, but superior in both stock and workmanship to any line of Children's and Misses' Goods in the market, and EVERY PAIR STRICTLY HAND-MADE.

Infants' extra fine bright Dongola button Shoes, \$1.

Infants' fine Patent Leather Shoes, French Kid tops, \$1 25.

Infants' best French Kid button Shoes, with tassels, \$1 25.

Children's best French Dongola button Shoes, spring heels; sizes, 4 to 71. Price, \$1 75.

Children's best French Dongola Shoes, spring heels; sizes, 8 to 101. Price, \$2.

Misses best French Dongola Button Shoes, spring heels; sizes, 11 to 2. Pric \$3 50.

If you would have the best and neatest Shoe in the market, ask for the JOHN ENNIS SHOE.

NEW ADVERTISEMENTS.

PUBLIC HEALING OF THE SICK Remarkable Scenes to be Witnessed a

Pioneer Hall. DR. JUDSON EVANS, of New York vill publically heal the sick in the above hall EVERY MORNING from 10 to 11

'clock, for about two weeks. From the San Francisco Examiner, an dvertisement having appeared in several of the daily papers that the famous DR. JUDSON EVANS, of New York, would publically heal the sick in Irving Hall, on cure its location in that neighborhood Post street, an Examiner's reporter was sent to witness the treatment, which is the reporter not only saw many wonderful cures, but had an interesting interview win Hotel. There were at his clinic, if we may so term it, not less than one thousand persons. DR. EVANS' treatment is principally magnetic and to ordinary observers ncomprehensible, but the results are of a character which cannot be questioned, "for facts are stubborn things." The first patient treated after the reporter's arrival was an old gentleman, who had suffered from rheumatism for nine years, and whose stiffened joints caused him to hobble painfully to where the treatments were given. DR. EVANS made a few passes over the body and limbs of the patient, and almost as if by magic the pain and

those who are able and willing to pay may

and almost as if by magic the pain and stiffness seemed to vanish, and the patient walked away at a brisk gait, fully satisfied of his complete recovery and praising the doctor. Then a patient suffering from almost total deafness of fifteen years' standing was almost instantly restored to perfect hearing. The next was a lady who stated that she had suffered intolerably from neuralgia of the head and face for more than five years. She was cured by a few minutes' treatment and went away like one in a dream. Many other cases followed which your reporter has not now the space to record, but not in a single instance did a failure occur. In he words of one of old, "The lame were made to walk, the blind to see and the deaf to hear." These cures, as is proven by the records of well authenticated cases, are not merely temporary, but permanent. DOCrecords of well authenticated cases, are not merely temporary, but permanent. DOC-TOR EVANS has leased Pioneer Hall, on Seventh street, between J and K, where he will publicly heal the sick free of charge for two weeks, commencing Wednesday morning, September 19th, from 10 to 11 o'clock, each morning. Everybody should [SEAL.] W. B. HAMILTON, Co. GROVE L. JOHNSON, Attorney for Plaintiff. s18 9tTu o'clock, each morning. THE MOST ENTERPRISING MOVE IN FOUNDRY?

PRACTICE IN THIS CENTURY.

THE MICHIGAN STOVE COMPANY have introduced into their general foundry mixture, ALUMINUM, a metal costing over \$8,000 per ton, stronger than steel and as ductile as gold. This is the ONLY FIRM IN THE WORLD that make Stoves from iron containing Aluminum, and is the FIRST IN THE WORLD to introduce Aluminum into their general foundry mixture.

This is the result of extensive experiments made by the Superintendent of their works during the past year, which have been given to the public in a paper read at the August meeting of the American Association for the Advancement of Science.

We don't make cheap, inferior, or even medium grades of goods under the GARLAND trade-mark. GARLANDS are of one name, one design, and of one equal and uniform grade of merit. This accounts for the fact that more consumers have demanded them in the past few years than any other brand, as the majority of them know that the name GARLAND is not applied to anything but the very best grade of goods that can possibly be made. If you have not already secured the Agency of the Garland Specialties, would it not be to your advantage to look into the merits of our goods and plans of marketing them?

PERNICIOUS PRACTICES.

Needed Reforms in Our Municipal Courts

Pointed Out. It is contemplated by our Penal Codes and all proceedings thereunder, that no cost or expense shall attach to a person accused ment. Notwithstanding this plain intendment, there are many charges exacted from defendants, though innocent of any crime. For years Justices of the Peace have demanded and collected from defendants whom they admit to bail the sum of \$2 for said bonds. This is not within the intent or spirit of our statute upon criminal procedure. Section 26 of the "Act to regulate the fees of office," etc., passed March 5, 1870, and now in force, provides that Justices shall receive \$3 for all services and

proceedings in any criminal action, whether on trial or an examination. Now an order admitting to bail and bail bond is certainly a proceeding either upon total or examination. Under Section 1271, the defendant in all cases, other than capi-tal, is entitled to bail as a matter of right In certain cases on appeal the matter of admitting to bail is in the Court's discretion Of course, in cases where our city Justices collect this amount it goes into the county treasury. The point is: have these officers a right to exact this sum from an accused

In the Police Court for many years there has been a practice of collecting \$1 for bail bonds and since the present Clerk came in, \$2. In many cases this works a great hardship on poor people who happen to be brought before the Court upon frivolous and often unfounded charges. This fee is called one of the Police Court Clerk's perisites-and if he has the right to collect \$2 he can take \$10. On examination of the Act creating the office of Clerk of the Police Court in this city—passed April 2, 1866—we find all his compensation limited Police Court in this city—passed April 2, 1866—we find all his compensation limited to \$2 50 on each case where the fine is paid, and he can receive no other fees or costs. In the matter of bail bonds, however, the Clerk seeks to justify his claim to fees of \$1 or \$2 on the ground that he makes out the head. A said in recently limited to take in the town. He visited the defendant on Wednesday, Thursday and Saturday nights at her place on Second street. When he went there Saturday the bond. As said in regard to Justices of the Peace, is not a bail bond one of the the Clerk charges for services in drafting the bond, does he not to that extent become a counsel for the defense. It is certain that the law does not authorize any the Police Indge in his edings in a criminal action? And if come a counsel for the defense. It is certain that the law does not authorize any such charge, and the Police Judge in his Court is the only proper party to accept bail or justify sureties. (Section 1280, Penal Code.) Under the Act of April 2, 1866, the Code.) Under the Act of April 2, 1866, the Code. Code.) Under the Act of April 2, 1800, the Clerk can only act in behalf of the Judge. If the Clerk can exact fees so can the Court, but this is absolutely inhibited by law.

Containing the Clerk cannot do what the Court than any other lady he had

It is no argument in favor of a very bad stom, that the Police Court Clerk must have a living and that those bond fees are necessary to that end. With equal right and equal propriety the Clerk might exact a charge for every warrant that is issued y ham, or oath administered upon com-

In the Superior Court in all criminal actions all process, including bail bonds, is free to the defendant. There is a charge of \$5 in each criminal case in favor of the County Clerk, against the county, but no harges of any nature against the de-

It seems passing strange that this pernicious and unlawful tax continues against poor, unfortunate creatures, who are frequently forced into Court on trifling It is not right in any case, and should be at once abolished by order of the Court. And if the Clerk is to be paid extra fees, let it be by some proper and

There is another abuse which has grown into a custom, that of collecting costs from a defendant after a case has been dismissed or rather in dismissing cases on payment of costs. Section 1447 of the Penal Code provides that when a defendant is acquitted, either by the Court or by a jury, he mus nediately be discharged, and when the Court decrees a prosecution malicious he may tax costs against the prosecutor. In Need for Larger Mains and No Need for no case is there any law for taxing a de-fendant who has been or is about to be ac-quitted or discharged with any costs. It is the same humane spirit all through our Penal Code, that no costs or expense shall

attach to a defendant until he has been lawfully convicted. The same rule obtains in all matters pertaining to the trial of habeas corpus. No charges are made by any judicial, executive or ministerial officer. A glance at Sections 520 and 521 of the Penal Code, which provide that any person who commits extor-tion under a color of official right is guilty of a misdemeanor, might be instructive.

The National Guard.

The biennial report of Adjutant-General Orton has just been printed at the State Printing Office. It is a work of 282 pages. and contains much of interest to members of the National Guard. According to the report the National Guard of this State now consist of thirty-six companies of infantry, eleven companies of artillery, armed, equipped and drilled as infantry, two light batteries of artillery, one cavalry company and four cadet companies—fifty full companies and four cadet companies organized into seven regiments and four unattached companies, six brigades and one division. During the period covered by the report. there has been no company mustered out of the State service, but there has been a complete change in the general officers. The report contains many valuable suggestions and recommendations for the improvement

Registration.

County Clerk Hamilton gives notice to residence since their names were put upon residence since their names were put upon the new Great Register, that they must call and give their present residence in order Sixth—Enlarging the main from the Water Works to Ninth street, and making that their names may appear in the proper precinct register. The Board of Supervisvoters must see to it that their places of resiprecinct in which they expect to vote.

ago and taken to Auburn, Placer county, on a charge of obtaining money by false pointed to investigate this matter. pretenses, had his trial on Tuesday last. Before half of the witnesses had been essamined the District Attorney requested Judge Myers to instruct the jury to acquit as there was not the slightest evidence of guilt in the testimony. The Judge so instructed the jury, and a verdict of acquittal

lightning struck a gatepost, and a cabin pants of the car, as well as the horses. occupied by Chinese, on the ranch of J. M. Stephenson, in the Pearson district. No one was injured, but the heathens were badly frightened. Lightning also struck near the barn of Henry Keema, four miles

A HAPPY THOUGHT.

Schlumber's Jolly Time. The calendar in the Police Court yester-

The calendar contained the name of Mary Roe, and a middle-aged woman stood up to answer to the charge of having been drunk. She said she came here from Vacultus about of evenings, fell into the hands of evil-minded women, and designing men, aville, and wandered about the city until frequented oyster saloons and ice cream she was thoroughly exhausted and took parlors late at night, with hilarious comsome stimulants to give her strength. She was pleading with the Judge for permission to be allowed to go back to Vacaville when a happy thought struck her, and she ex-claimed: "I never knew a bad man of your name in my life. My name is Buckley,

She was allowed to go, and as she passed out of the Court-room she turned and said, and deprayed, and to-day she is cold in 'God bless you, Buckley !" The case of Maurice O'Connor, charged with assault with intent to commit murder, of crime until after conviction and judg- was the next one called. Ex-City Attorney Hart appeared as counsel for the defendant.
O'Connor is the man who took a shot at Big Neck" Smith and hit Billy Miles.

Mr. Hart the case was continued until

mplaint was on file and on motion of

B. Wolf, a hack driver, was charged with a misdemeanor in refusing to obey the in-structions given him by special officer Eldred, when the latter was on duty at the gate at Agricultural Park a week ago last Saturday. The prosecution was not ready to proceed, as their witnesses had not yet been subpensed. Ed. Short appeared for the defendant and opposed a continuance on the ground that a number of business men were present as witnesses and did not wish to have to come again. The most important witness for the defense was also absent, but he was willing to proceed without him. Judge Buckley said that there had not been a particle of diligence used in getting the witnesses and that somebody was to blame for it. He declined to con-

Attorney it was dismissed. Mike Cunningham was accused of a misdemeanor in playing an accordion in a saloon after 12 o'clock at night. He eaded guilty and was fined \$2 50. The Judge remarking that he supposed there was a great deal of amusement in an accordion to the man who was playing it, but not much to those who were compelled

tinue the case, and on motion of the City

Mamie Hayward was tried on a charge f grand larceny and was defended by E. Hart. The complaining witness, Frank chlumbers, was the only witness examstreet. When he went there Saturday night he had about \$160, and when he got up in the morning it had all disappeared and so had Miss Hayward. He went out

Certainly the Clerk cannot do what the her better than any other lady he had ' since he came and that he did not know but he had given her the money to keep for him. He thought, however, that he had more than \$120 in his pocketbook on Saturday night.

Of course the City Attorney had nothing to do but to move that the case be dismissed, which was done. Frank Swanson was convicted of vagrancy, but as he said he had a job out of town and would leave at once, the commit-

ment was withheld and he was allowed to J. Van Tine was fined \$10 for slapping a oy who had called him a vile name.
The charge of battery against Charles

Francha was dismissed for want of prose-The case of Wm. Saussa, charged with obbery, was continued until to-day. John Scotty and Mrs. Thomas, drunks, each forfeited a deposit of \$5. Richard Clements, Fred. Shumaker and Ed. Shumaker, three boys who were ar-

rested for being drunk, were discharged, no John Daley and J. S. Riley were arrested for being drunk. They appeared like good men who imbibed too much under the unusual excitement of State Fair and were

allowed to go. WATER.

New Pumps.

EDS. RECORD-UNION: Some weeks since I sent a communication to your paper in regard to the city water supply. Since then I have devoted considerable time to investigating the subject and propose to state some of the conclusions at which I have arrived. I shall at this time assume that the weekly reports of the Chief Engineer, as to the amount of water pumped weekly, are correct, and upon that basis

make my deductions. First-The two pumps now in use have a sufficient capacity to furnish a very liberal supply of water for sixty thousand in-habitants.

Second-Our distributing pipes have not a sufficient size to distribute economically one-fourth the water that is forced through them in the evening from 5 to 8 o'clock, when irrigating freely, or one-half the quantity which is forced through them luring the daytime for ordinary domestic

Third-The Water Works are consuming a much larger amount of fuel forcing the water through the small pipes than would day night, which kept thousands from the stolen from Edward Younger at Agricultbe required with mains of the proper size. Fourth—An additional pump with a ten million gallon per diem capacity would not fully \$7,000, be of any advantage to the city with its Killip & C present population.

Fifth-By enlarging the mains we could greatly increase the amount of water; we would equalize the pressure, make a better supply of water for the eastern party of the city and a much better supply for the fire engines in case of fire; take off the great County Clerk Hamilton gives notice to strain which is put on the present pumps, all persons who have changed their place of especially in time of fire, and also the heavy strain which is put on the pipes in the

a proper connection between the pumps and the reservoir, would perhaps be suffiors have ordered the precinct registers and cient enlargement for a year or two. This could be done with excellent steel pipes at a cost of \$15,000 or \$20,000. At \$20,000 the articles of mohair. The crocheted shawl or wrap was certainly a beautiful and delidence are properly given, so that their names will appear on the register of the pipes might be made of extra heavy steel

and last a century.

Within the reasonable limits of a news-D. J. Williams, the sewing machine agent, arrested in this city about a month these conclusions. But I can, I think, demonstrate their truths to any committee of intelligent gentlemen that may be ap-H. O. BEATTY.

Sacramento, September 17, 1888. An Outrage.

Yesterday afternoon a track torpede, or bomb, was placed upon the street-car track on K street, near Third. The explosion which followed when a car passed raised the car several inches from the track During the thunder-storm last Saturday, and thoroughly frightened the occu-

JOSIE BUCKLEY.

Bless You. Buckley" - Frank The Sad End of a Young and Wayward A Letter from J. W. Klee the Bug What shall we do with our girls? is a The Board of City Trustees met in reguday was a lengthy one, and a number of question often asked, and from the many lar session yesterday. Present, Mayor the cases were of a character to afford hundred who are going to the bad in this Gregory and Trustee Ryan. amusement to the large audience assembled. State, it is becoming a question of serious The disgusting details of crime, the expo- moment. While Sacramento is no worse following report for the month of August: sition of human weakness and degrada- than other places, the number of young tion, and the recitals of the follies of the girls to be seen on the streets at late and country youth who comes into the city to unusual hours of the night is largely in warrants paid.

"take in the fair," etc., are alike palatable excess of what it should be, and parents Coupons paid... to the crowd which fills Judge Buckley's temple of justice every morning. It had several such morsels yesterday morning, and its hilarity had to be checked several times.

Carbon and the latt, and parents to the crowd who do not observe a watchful care over their offspring, will sooner or later come to grief. A few short months ago, Josie Buckley, a bright, well-educated, and vivacious young woman, was the pride of

September 16th, 45,247,000 gallons of water panions, and the result was that she fell.

From being the bright, pure and loving daughter she became the companion of notify property-owners on I street, from those who sneer at virtue and whose only aim is to seduce and destroy. A few evenings of revelry led to debauchery, the pureminded girl became reckless, forsook her

THE COTTONY CUSHION SCALE.

W. G. Klee. State Inspector of Fruit death on a marble slab at the morgue, dishonored, a shame to her sex and a disgrace to her parentage. Who was to blame for her dishonor, her untimely death, the dis-grace she has brought upon herself and family? Let parents answer the question and guard well the innocents they have in their keeping, and let the world hate, loathe and despise those murderers, haman nly in form, who destroy pure lives to satiate their unholy lusts and make wantons and chattels of every weak-minded, poor and deluded girl they can entice from the paths of honor and virtue. Josie Buckley died at the Receiving Hospital at 3 A. M. Sunday morning. She is only one of the many hundreds who have gone down to an untimely and dishonored grave through the machinations of wicked wo-men and designing men.

Coroner Clark held an inquest on her re-

nains last evening. The corpse was lying in the adjoining room, and all who looked upon that pale and upturned face could not elp but feel a keen sense of pity for the oung life, sacrificed, as this surely was. eautiful features, an intelligent face, curly locks of raven hair, an expression of more than ordinary intelligence, no one looked upon it without saying, "How can such a erime be permitted in a civilized commun ity. Is there no law that can reach the procures, that can punish the seducer, that can imprison the lover, that can place be yond power to do harm the friend that, after robbing of virtue can induce the contraction of that habit worse than death-the use of morphine and opium."

After the jury had viewed the remains

ey repaired to the Coroner's office and

the following evidence was taken: Carrie Stein, the keeper of a notorious rothel, was the first witness. She said I keep a saloon on L street, near Fourth. I know deceased. Her name is Josie Buckley. She was born in San Francisco, and is 22 years of age. The last time I saw her alive was on Thursday last about 1 o'clock. She had been with me about four onths and a half. She left me Sunday eptember 9th, about 2 o'clock in the after on. We had no words, and she was in good spirits. She was a heavy user of norphine, and had been using it about

ght months. She always had her lover nject it in liquid form into her arm. When tried to break her of the habit she comnenced drinking. She drank quite hard, but to my knowledge she was never under the influence of liquor but on one occasion and that was when she tried to break off from using morphine. Her folks reside in the sure-thing gambler, arrested by Len. San Francisco.

a saloon-keeper and ran the "Red Light," on Second street, between K and L. 1 know the deceased. She had been at my saloon about one week. She was a heavy drinker. I was getting ready for a dance at my place Sunday night when one of the girls told me Josie was sick in one of the rooms. I went in and found her lying on the bed senseless. I went out and found officer Dunlevy, who took her away. I did not know she used morphine. She seemed to be lively and in good spirits all the time

she was at my saloon.

R. W. Dunlevy, being duly sworn, said:
I am a special police officer. I did not know deceased. Saturday, between 8 and 9 Prison at Folsom to serve a term of one P. M., a young man said he wanted me at year and six months for burglary in the "Red Light" saloon. I went there and found that a young woman had injected morphine into her arm and was insensible. I got a carriage and took her to the Receiving Hospital and notified the City Physician, who immediately took charge of the case. charge of the case.

The Coroner then read the following cerficate from Dr. James H. Parkinson, the City Physician I hereby certify that I saw the decease izzie 'Haley' or Josie Buckley, at the Receiving Hospital at 10 P. M., September 15th

She was comatose, and appeared to be suffering from an overdose of opium. She never became conscious white at the hospital, and died about 3 A. M. of the 16th

The jury brought in a verdict in accord ance with the above testimony, and said they found that death was caused by an overdose of morphine, and that decease was an habitual user of that drug.

State Fair Notes. In addition to the awards of the State Agricultural Society, heretofore published, the following were made:

A Warning.

The modes of death's approach are va ions, and statistics show conclusively that nore persons die from diseases of the and lungs than any other. It is robable that everyone, without exception receives vast numbers of tubercle germs into the system, and where these germs fall upon suitable soil they start into life and develop, at first slowly, and is shown by a slight tickling sensation in the throat, and if allowed to continue their rayages they extend to the lungs, producing con sumption, and to the head, causin catarrh. Now all this is dangerous, and i of the treaty of July 11th regarding the grazing of cattle; to the punishment of the officers who crossed to Eagle Pass and At the onset you must act with prompt ness; allowing a cold to go without attended to proceed will in time cause. life. As soon as you feel that something is wrong with your throat, langs or nostrils

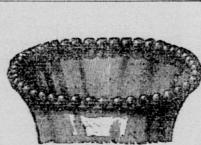

SAPOLIO

Is like great men who waste themselves to make the world brighter. Sapolio is a solid cake of scouring soap used for all cleaning purposes.

Lost to shame is that woman who takes no pride in her reputation, who does not care to own a good name for thrift and cleanliness. If love for others did not prompt a wife and mother to keep a tidy house and a bright, clean kitchen, a regard for her social standing in society ought to teach her to use Sapolio in all her house-cleaning work. At all grocers.

For quick raising, the Royal Baking Powder is superior to all other leavening agents. It is absolutely pure and wholesome and of the highest leavening power. It is always uniform in strength and quality and never fails to make light, sweet, most annual fair held under the auspices of the driving a wagon in the suburbs, ran over a palatable and nutritive food. Bread, biscuits, muffins, cake, etc., raised with Royal Baking Powder may be eaten hot without distressing results to the most delicate

ABSOLUTELY PURE.

digestive organs. It will keep in any climate without deterioration. Prof. H. A. Mott, U. S. Government Chemist, after examining officially the

mining properties have taken a rush up-"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the United States Government.

"Because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public.

"DR. HENRY A. MOTT, PH. D.,"
